

Frequently Asked Questions - APPLICANTS

RE: Emergency Rule 58G .0104

1. Can I take the Prelicensing course online?

YES! Under the emergency rule, Prelicensing courses can be offered via synchronous distance learning from March 26-June 30. Synchronous learning means that the students and instructor are in separate places, but that everyone is participating in the course online at the same time.

2. Are PSI testing centers open for license applicants?

PSI closed all NC testing centers on Thursday, March 19, 2020. The Winston-Salem testing center has reopened, and all other NC testing centers are scheduled to reopen on May 1.

Candidates may schedule appointments online at www.psionline.com for all locations on a first-available basis. PSI is observing strict social distancing protocols, so the number of candidates that may test at each center is limited. As a result, open testing appointments may be many weeks from now.

3. I am applying for a license and am afraid my 180-day opportunity to take the exam will expire before I can take it. What should I do?

Candidates whose 180-day exam eligibility periods expired on/during March 19-April 30 will be granted an automatic 90-day extension. Email a request for an extension of time to examext@ncrec.gov.
